

## Trauma-Informed Approaches to our Practice

Consider to what extent your program or service is already applying trauma-informed principles and practice, and note them in the  $1^{\rm st}$  column. The  $2^{\rm nd}$  column is for ideas that might be the focus of further action.

Principles	We are already	Commitments for going forward
Increasing trauma awareness		
Providing safety- physical emotional social and moral		
Offering opportunities for choice, collaboration and connection		
Offering opportunities for skill building- self regulation, grounding
