

YWCA Toronto Novel Coronavirus (COVID-19) Modified Service Announcement

As a precautionary measure, and to reduce the risk of community transmission of COVID-19, we have modified our level of service. We will continue to work with public health agencies and partners to ensure the best level of care for the residents in our shelters and supportive housing programs.

Certain programs are still actively supporting clients and participants remotely, these include: December 6 Fund, Choices for Living and Breakthrough. Please connect with specific programs to find out more. Venue Rentals and volunteer programs are suspended until September 1, 2020 unless otherwise specified.

The Bergamot Child Care Centre reopened on July 16, please visit the [Child Care Services](#) page for more information. The Girls' Centre began re-opening in August and will continue to gradually develop safe programming, please visit the [Girls' Centre](#) page to learn more.

Our employment, settlement, language and skills training services for job seekers, newcomer women, employers and community partners will gradually reopen offices beginning on August 10, 2020 and will offer services by appointment only. We will also continue with online services by connecting with clients over the phone, via email or on Zoom. Please check the [Employment and Training page](#) for more information.

We are closely monitoring the ongoing COVID-19 situation and following the advice and guidance of Toronto Public Health and the Ministry of Health.

Please take care of yourselves and each other. Thank you.
