- Resident of and able to work in Ontario
- Low income eligibility criteria
- Willing and able to commit to a 23-week, intensive training program

INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) BY THE NUMBERS

All sectors of the Canadian economy are in need of ICT workers. Funded by the Government of Canada, the Digital Economy Annual Review 2016 reported:

- 35% increase of women employed in ICT since 2006
- 11.3% increase in 2016 of women employed in ICT
- 53% of the 108,700 women working in the ICT sector in Canada are employed in Ontario
- 3% unemployment rate in the ICT sector compared to 7% of the Canadian labour force

PROGRAM START DATE: MONDAY, SEPTEMBER 25, 2017
